Financial Policy and Chiropractic Care Plans

I have read and understand the above policies.

We are committed to providing you with the best chiropractic care possible in a caring environment and have established our financial policies to achieve that goal. You will be expected to pay for your chiropractic care at the time the service is rendered unless you arrange a Chiropractic Care Plan in advance. Chiropractic Care Plans include yearly Corrective Adjustment Plans (CAP), monthly wellness (WAPs) or extended payment plans. These Chiropractic Care Plans are designed to be the most cost-effective way to keep you and your family as healthy as possible. Details of these plans will be discussed with you during your Chiropractic Report.

Covered Insurance Benefit: As a courtesy to you, we will submit your medical insurance directly unless otherwise instructed. If you prefer to pay for your visit at the time of service and receive reimbursement from your insurance for ease in record keeping, please let us know so that we can give you a superbill. Understand that you are financially responsible for all charges not covered by insurance, including those resulting from failure to obtain necessary referral and/or other authorizations from your primary care physician. Also, health & wellness visits are not a covered benefit under regular insurance. If you have questions, please ask the doctor or at the front desk.

If you are like most of our patients and choose to participate in one of our Crisis care/Corrective care Plans, there is a possibility that we may file your insurance for you. We will discuss this option with you during your Chiropractic Report.

If you activate insurance for a special situation such as an auto accident injury and choose to utilize that coverage, you will be charged our regular office fees until such claim is activated and in place. 3rd party claims are accepted on a case by case basis. Once your claim is complete, you can resume your previous care plan.

Patient Signature

Date

^{*} These are monthly averages; each plan is individually customized to fit your health goals and needs.

^{*} WAP's are for those who have **completed** a Crisis/Corrective Adjustment Plan.
